

# CT20-100A/20mA

Three Phase Integrated Current Transformer

## Features

- Resistance to high temperature and corrosion
- Resistance to strong impact
- 3-phase circuits combined transformer
- Small in size and easy to install
- Excellent linearity and insulating performance

## Technical Specification

Rated Input/Output Current	100A/20mA
Working Frequency	50/60Hz
Accuracy	0.2
Insulation Resistance	≥100 Mohm(Ω)
Angle Difference	≤10°
Load Resistance	≤20Ω
Withstand Voltage	3k VAC
Working Environment	Temperature: -40 C ~50 C , Humidity: 10%~95%RH
Dimension(L×W×H)	85.5mm×82.5mm×33.5mm
