

ZHT-DS85I

Multi-way Mains Power Detection Module

Features

- Embedded MCU
- Insulation protection technology
- Support 8 ways AC distribution switches, 5 ways DC dry contact signal
- Easy installation

Technical Specification

Mains Supply Voltage Scope	AC100~260V
Insulation Resistance	DC12V
Power Consumption	< 0.5W
Switch Signal Input	8*AC live-wire inputs, 5*DC N.O./N.C. switch inputs
Output	RS485
Protocol	Modbus
Baud Rate	1200~19200 bps, 9600 by default
Address	1~254, 1 by default
