

# DH-PFS3005-5ET

5-Port Unmanaged Ethernet Switch

- $\boldsymbol{\cdot}$  Supports five 10/100 Mbps adaptive ports.
- Small and light, it is easy to carry and has multiple chips embedded in it.
- · Easy to operate.

## **System Overview**

The Device is a layer-2 commercial switch. It has a high-performance switching engine and a large buffer memory to ensure smooth video stream transmission. With a full-metal and fanless design, the Device features great heat dissipation capability on the shell surface. The Device is an unmanaged switch, so it does not need to be configured through web interface, which simplifies installation.

#### **Functions**

## **Robust Design**

Built to last, the architecture of the switch makes it highly reliable, operating with high-efficiency non-stop.

#### **Plug and Play**

Hassle-free, it does not require any configuration. Simply use after it is powered on.

## **Optimized Performance**

All ports can transmit streams at high speeds without delay.

#### **Easy Installation**

Both desktop and wall mount installation are supported, making it suitable for a wide variety of scenarios.
