Based On Free Software Platform: SmartPSS Lite

Free To Use | Light-weight | Simple Deployment | Flexible Management

ECONOMICAL AND LIGHT-WEIGHT SOLUTION FOR SMALL APARTMENT COMPLEX
Based On Free Software Platform: SmartPSS Lite

Highlights

Free PC client and mobile terminal: The software can be downloaded and installed for free, and can be used with a free mobile phone app (DMSS).

Simple deployment: The device can be automatically searched or added through IP. It supports adding a single device or batch import using the Configure tool.
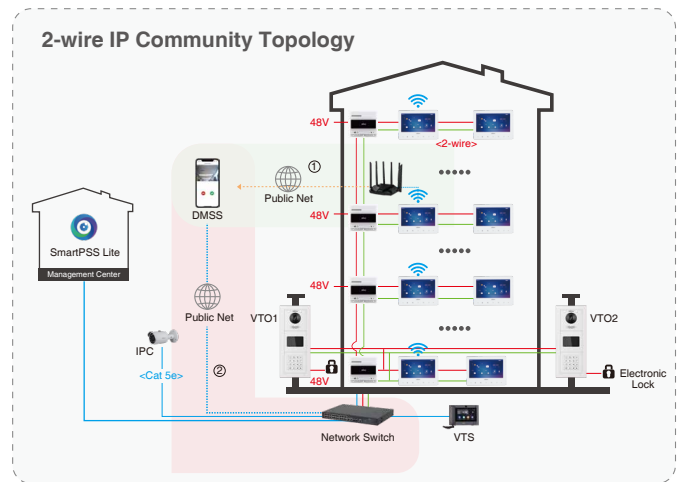

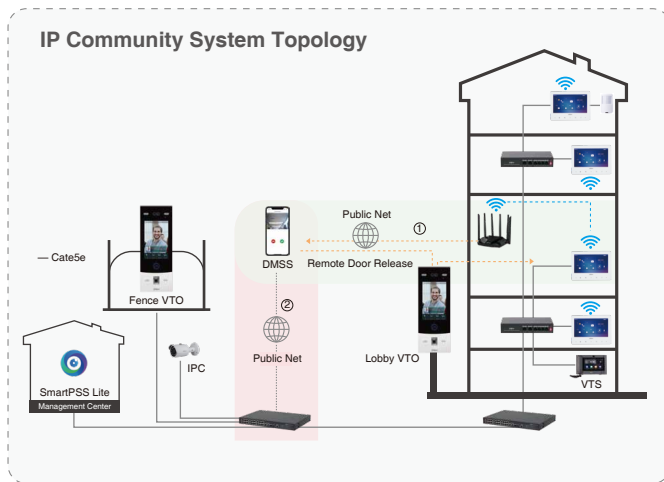

Flexible scenario applications: Applicable to small apartment complex with 256 households and below.

Comprehensive functions: Offers various functions including remote monitoring and unlocking, unified authority distribution of administrators (cards, fingerprints or faces), property announcement information distribution, alarm information reporting, and more.

Solution Topology

System capacity of SmartPSS Lite

• Number of Accessible VTO: 16   • Number of Accessible VTH: 256   • Number of Accessible VTS: 10

Recommended Products

VTO7541G
• 8-inch capacitive touch screen
• Unlocking Mode: remote, face, fingerprint, password, card
• Capacity: 20,000 faces, 10,000 cards, 10,000 fingerprints
• IK07, IP66

VTO4202F (B) - X Series
• 2MP HD color 160° fisheye camera
• Access control function that supports two locks
• Compatible with 2-wire interface & RJ45 interface
• IK07, IP65

VTH2621G (W)-WP
• 7-inch TFT capacitive touch screen
• 6-ch alarm input, 1-ch alarm output
• Door station and IPC monitor
• Supports Wifi

VTS5A40B
• 10-inch capacitive high resolution LCD
• 4x 720P channels
• Supports HDMI output; Resolution: 1024×600
• Network Protocols: IPv4, SIP, RTSP, RTP, TCP, UDP
