

# Smarter Home, Safer Living

## Dahua SMB smart villa solution

With the improvement of living standards, the villa industry continues to be in demand. The safety of villas has also become more and more important to residents, so Dahua launched a smart villa solution. The solution uses functions such as intelligent alarm and video intercom to ensure safety and bring more convenience to residents.

Ease Of Use

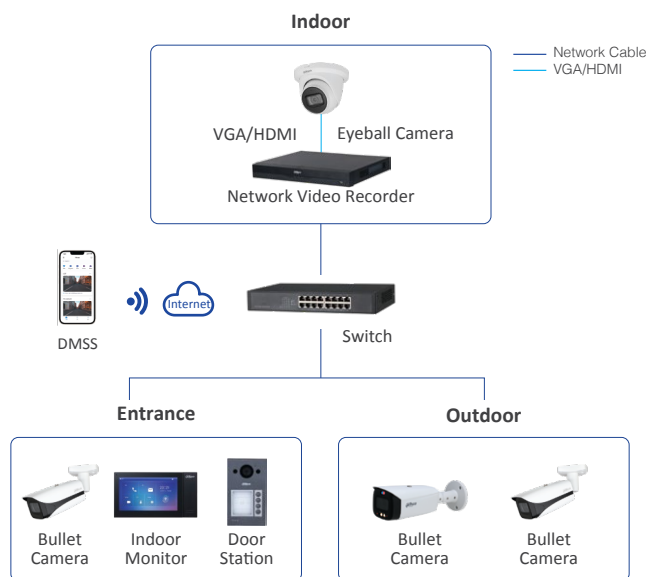

Early Warning

Intelligence

## Solution Highlights

- Ease Of Use**
  - Alarm notification and remote unlocking via mobile APP.
- Early Warning**
  - 24x7 real-time monitoring with active deterrence system.
  - Intrusion detection in the absence of householder, send remote vocal warnings.
- Intelligence**
  - Adopt deep learning algorithm to automatically open the door by face recognition.
