MODULAR FACE RECOGNITION ACCESS STANDALONE

Dahua ASI7K Series

Fast Contactless Recognition

Brand New Modular Design

Integrated Video Intercom

Ideal for Indoor & Outdoor Use

Highlights

Mask Detection

Supports accurate recognition even with mask on, and reminds/alerts users who are not wearing masks.

Multi-person Recognition

Recognizes multiple people at once, greatly improving passage efficiency to prevent congestion.

User Management on Web

Users can be added and managed on the device's web platform directly without access control management software.

Ads Display

Supports displaying video and image advertisements on the upper or lower part of the screen.

Overall Appearance

Supports Extension Modules:

· Three available modules that can meet the needs of various scenarios
· Elegantly designed and easy to be installed
· Powered by ASI7K to simplify wiring

Application Scenarios

Building

School

Factory

Apartment
